Those who enjoyed *Bruised* can then take a look at multiple movies working with a similar story that have a lot to offer. One of the best movies about fighters that popularized this genre to a certain degree and made Sylvester Stallone a legend is *Rocky*. A lot of viewers saw the first movie about a young man who trains hard and goes to face the dangerous Apollo Creed. However, not everybody watched the subsequent sequels which there are five of, the last from 2006. And if that wasn't enough, Stallone appeared as Rocky Balboa once again in two movies called *Creed* which focus on Michael B. Jordan's Adonis Johnson who happens to be the son of Rocky's old rival Apollo Creed. The whole series is a classic today and if anybody wants to see how Rocky's boxing transformed over time, they have a lot of interesting stories to watch. The movie not only offers impressive fighting scenes but also includes a personal line that adds another dimension to it. Both Hardy and Edgerton are excellent in it and Nick Nolte, who plays their father, even got an Academy Award nomination for his performance. *Warrior* often appears among the best-rated movies, so all fans of *Bruised* shouldn't miss out on watching it. In response, the Malaysian police, the Minister for Religious Affairs, and the Federal Territories Islamic Department (JAWI) all said they were launching investigations of Pelangi. The organizers, who had held multiple public events in the past without attracting negative attention from the authorities, became nervous and, fearing arrest, adopted a lower profile.[104] Meanwhile, Pelangi also faced challenges in trying to formally register as a nongovernmental organization in late 2016 and early 2017. Both the Register of Societies and the Home Ministry on appeal, rejected its application without explanation.[105] The only thing more satisfying is watching the palace guards struggling to maneuver as easily through the flock. Instead, they hilariously toss sheep through the air as they frustratingly try to make their way to Aladdin. Three-time world champion **Geno Petriashvili** will benefit from a slightly easier run to the final as the No.1 seed, but the Georgian will likely face a battle-hardened opponent in the gold-medal match with world champion **Amir Zare** and 2016 Olympic champion **Taha Akgul** set to meet in their semi-final. The Rio 2016 Olympic champ had planned to retire after Tokyo 2020 following a tough period including concussion and mental health issues, but enjoyed her bronze-medal run in Japan so much that she decided to continue. When Qutb-ud-din died, Iltutmish garnered support from the then Turkish nobility and ascended to be the sultan, the first of the Slave dynasty. Shams-ud-din Iltutmish passed away on 30 April 1236. Even though he had already appointed Razia was his heir apparent, the existing Muslim nobility was completely against accepting a woman as their sultan. Thus the political pressure groups ensured that instead of Razia her brother Rukn ud din Firuz was made the Sultan.
