How to Download Bleach vs Naruto New Version on PC

If you are a fan of anime and fighting games, you might have heard of Bleach vs Naruto, a popular crossover game that features characters from two of the most famous anime series. In this game, you can choose from over 40 heroes, each with their own unique style and technique, and battle against your friends or the computer in various modes and arenas. The game has been updated regularly over the years, adding new characters, stages, and features. The latest version, Bleach vs Naruto 3.3, was released in September 2022 and promises you intense and spectacular battles.

In this article, we will show you how to download Bleach vs Naruto new version on your PC, where to find it, how to install and play it, and some tips and tricks to improve your skills. Let's get started!

What is Bleach vs Naruto?

A popular anime crossover fighting game

Bleach vs Naruto is a flash game that was created by 5Dplay and 4399, based on the anime series Bleach and Naruto. The game is inspired by other famous fighting games like Street Fighter and Mortal Kombat, but with an anime twist. You can choose from a variety of characters from both series, such as Ichigo, Rukia, Naruto, Sasuke, Sakura, Kakashi, and many more. Each character has their own abilities, strengths, weaknesses, and special moves that you can use to defeat your opponents.

Features and gameplay of the latest version

The latest version of Bleach vs Naruto, 3.3, has added some new features and improvements to the game. Here are some of them:

- You can now play the game without Flash Player, thanks to Ruffle emulator.
- You can now choose from more than 40 characters, including some new ones like Madara Uchiha, Ulquiorra Cifer, Grimmjow Jaegerjaquez, and Yoruichi Shihoin.
- You can now play in different modes, such as Arcade Mode, VS Mode, Team Play Mode, Survival Mode, Training Mode, Watch Mode, and Ladder Mode.
- You can now customize your controls, difficulty level, sound effects, music volume, and screen size.
- You can now enjoy better graphics, animations, sound effects, music, and user interface.

Tips and tricks for playing Bleach vs Naruto new version

How to unlock more characters and modes

Bleach vs Naruto new version has many characters and modes that you can unlock by playing the game. Here are some of them:

- To unlock Madara Uchiha, Ulquiorra Cifer, Grimmjow Jaegerjaquez, Yoruichi Shihoin, and other new characters, you need to complete Arcade Mode with different characters. Each character has a specific opponent that they need to defeat in order to unlock a new character.
- To unlock Ladder Mode, you need to complete Arcade Mode with at least 10 characters. Ladder Mode is a challenge mode where you have to face 10 opponents in a row without losing.
- To unlock Survival Mode, you need to complete Arcade Mode with at least 20 characters. Survival Mode is a mode where you have to survive as long as possible against endless waves of enemies.

How to use special moves and combos

Bleach vs Naruto new version has many special moves and combos that you can use to deal more damage and stun your opponents. Here are some of them:

- To use special moves, you need to fill up your chakra bar by attacking or blocking. Once your chakra bar is full, you can press O + P (or A + S if you are using a gamepad) to activate your special move. Each character has a different special move that can be either offensive or defensive.
- To use combos, you need to press different keys in succession. For example, if you are using Ichigo, you can press L + K + J + I (or D + C + X + Z if you are using a gamepad) to perform a combo that slashes your opponent multiple times. Each character has different combos that can be found in the Training Mode or online guides.
