If you are a fan of classic RPGs, you might have heard of Dragon Quest 5, one of the most acclaimed games in the series. But did you know that you can play this epic game on your Android device with a modded version? In this article, we will tell you everything you need to know about Dragon Quest 5 and its mod apk. Read on to find out more!

## What is Dragon Quest 5?

Dragon Quest 5 is a role-playing game developed by Square Enix and originally released for the Super Famicom in Japan in 1992. It is the fifth installment in the main Dragon Quest series and the second one to be released for the Super Famicom. It was later remade for the PlayStation 2 in 2004 and for the Nintendo DS in 2008. The game was finally released for Android and iOS devices in 2014.

## The story of Dragon Quest 5

The game follows the life of a young hero who is destined to save the world from an evil demon lord. The game spans over three generations, as the hero grows from a child to an adult and has his own family. Along the way, he meets various characters and monsters, some of whom can join his party and fight alongside him. The game also features a unique system that allows the player to choose one of three brides for the hero, each with their own personality and story.

## The gameplay of Dragon Quest 5

The game is a traditional turn-based RPG, where the player controls a party of up to four characters and battles enemies on a separate screen. The game also has a day-night cycle, which affects some events and encounters. The game also introduces a monster recruitment system, where the player can recruit certain monsters to join his party after defeating them in battle. These monsters can level up, equip items, and learn skills just like the human characters.

## The features of Dragon Quest 5

The game boasts many features that make it stand out from other RPGs, such as:

- A rich and immersive story that spans over three generations and has multiple endings.
- A colorful and charming graphics style that captures the essence of the original game.
- A dynamic soundtrack that changes according to the situation and mood.
- A monster recruitment system that allows the player to customize his party with over 70 different monsters.
- A casino mini-game that lets the player gamble with coins and win prizes.
- A quick-save function that lets the player save his progress anytime and anywhere.
