In this article, we will show you how to use Sothink Swf Catcher 26 Build 763 12 to capture Flash SWF files from different approaches. You will also learn some of the features and benefits of this software.

What is Sothink Swf Catcher 26 Build 763 12?

Sothink Swf Catcher 26 Build 763 12 is the latest version of Sothink Swf Catcher, a Flash capture and Flash saver software developed by Sothink. It can capture Flash SWF files from browsers cache, including IE, Firefox and Chrome, and search Flash SWF files from local files, such as EXE,SWC,AIR,APK. It can also spy Flash SWF files from any current running process[^1^].

Sothink Swf Catcher 26 Build 763 12 supports directly opening SWF files with Sothink SWF Decompiler, a professional tool that can decompile SWF to FLA/FLEX/HTML5. You can also preview the captured SWF files with the built-in viewer or export them to different formats[^2^].

How to Capture Flash SWF Files with Sothink Swf Catcher 26 Build 763 12?

To capture Flash SWF files with Sothink Swf Catcher 26 Build 763 12, you need to download and install the software from the official website[^3^]. After installation, you can launch the software and choose one of the following methods to capture Flash SWF files:

- **Capture from browsers cache:** This method allows you to capture Flash SWF files from the cache of IE, Firefox and Chrome. You can select the browser you want to capture from and

click the "Start" button. The software will scan the cache and list all the SWF files it finds. You can then select the ones you want to save and click the "Save" button.

- **Capture from local files:** This method allows you to capture Flash SWF files from local files that contain SWF elements, such as EXE,SWC,AIR,APK. You can click the "Browse" button to select the file you want to capture from and click the "Start" button. The software will extract all the SWF files from the file and list them. You can then select the ones you want to save and click the "Save" button.
- **Capture from running processes:** This method allows you to capture Flash SWF files from any current running process that uses Flash Player. You can click the "Refresh" button to update the list of processes and select the one you want to capture from. The software will spy all the SWF files from the process and list them. You can then select the ones you want to save and click the "Save" button.

What are the Features and Benefits of Sothink Swf Catcher 26 Build 763 12?

Sothink Swf Catcher 26 Build 763 12 is a powerful and easy-to-use tool that can help you capture Flash SWF files from various sources. Some of the features and benefits of this software are:

- **Wide compatibility:** It can capture Flash SWF files from browsers cache, including IE, Firefox and Chrome, and search Flash SWF files from local files, such as EXE,SWC,AIR,APK. It can also spy Flash SWF files from any current running process that uses Flash Player.
- **High efficiency:** It can scan and list all the SWF files quickly and accurately
